DISCIPLINE POLICY

NO SPANKING WILL BE ALLOWED.

When a child is having trouble getting along with his/her peer(s), a staff member will remove the child from the situation. The staff member will then guide the child towards a positive choice.

Victory's MDO goal is to create a safe, healthy and loving environment where children can learn to self-regulate and have positive interactions with people and the world around them. We will discuss feelings, communication skills, and coping techniques regularly and encourage children to use these skills during frustrating situations.

Staff members will try to connect with and then redirect children first. If this method does not correct behavior, staff will then move the child to time out (as long as the child is at least 2 years old). The length of time a child is placed in time out shall not exceed one minute per year of the child's age. The staff member will talk to the child before and after he/she is placed in time out. The designated place for time out will be in clear view of staff members. A note will be sent home if a child is placed in time out.

Victory MDO reserves the right to dismiss any child if their behavior becomes so disruptive that they prevent a positive learning environment for other children or pose a danger to their classmates or teachers.

Other disciplinary methods you would like to request your child's teacher to use:
